## RELEVANT EXPERIENCE—(Concurrent with Education)

The Nursing Care	<b>Clinician Student</b>	Atlanta, GA 2016-2016
------------------	--------------------------	-----------------------

**Patient/Hygiene Care**—Served on the clinical team within the community to assist 2 elderly patients while creating a peaceful arena to meet patients' needs according to procedures. Improved patients' well-being with routine health check-ups by taking vital signs of temperature, blood pressure, pulse rate, and respiration to detect or monitor medical issues for documentation and review. Performed grooming, oral hygiene, bathing and feeding care.

Community Health Center	<b>Nurse Assistant</b>	Miami, FL 2013-2014
-------------------------	------------------------	---------------------

**Patient Safety**—Displayed quality results with the Nurse on projects by following best practices. Aided patients in taking blood pressure to ensure health well-being. Demonstrated cleanliness, sterilization, and safeness with diligence. Contributed direct care to patients for comfort and peace to improve patients' stay.
